WELCOME TO A BETTER SÄFSEN

We have made big and small changes to give you and your family a wonderful winter experience with lots of snow on the slopes.

We have done everything we can to offer good accommodation to suit big groups of friends as well as small families.

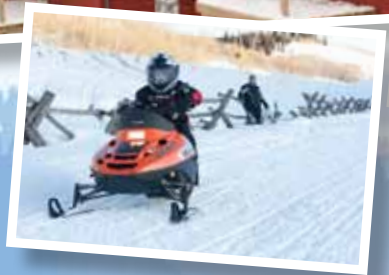

We have built 20 so-called Dalenhusen houses so far. They have good locations with views over the beautiful Lake Säffsjön, 8-10 beds, 4 bedrooms, 2 master bedrooms, 2 bathrooms incl. one with a sauna, and 2 living rooms for socialising. The Dalenhusen houses are perfect for groups. Families and groups of friends who like to socialise, share the cooking and childcare can now live under one roof.

For the children, we have a new addition with Filurius' own cross-country track – Filurspåret – just right for little legs that like to ski. The track will be up by the church and the nearby meadow, where many of our other cross-country tracks start.

Filurius will pop up as usual when least expected. Every evening, there is a buffet for the children, and, as if that's not enough, there are mini-snowmobile rides from Polaris by the toboggan slope – fast and exciting.

We will also be starting our cooperation with the anti-bullying organisation Friends in time for the winter season, and there will be signs of this around Säfsen.

Welcome to a new winter and season in Säfsen!

We are friends with
friends

Enjoy a break at Smedjan Café & Bar in our soft sofas in front of the fire. Bring a good book and watch the snowflakes fall outside the window. Smedjan Café & Bar serves a variety of food including Quesadillas, Caesar salad and sandwiches, as well as big, yummy fairy cakes and tasty pies.

Smedjan Café & Bar is open daily 2-9 pm.

On Fridays and Saturdays from 4 pm to midnight, we transform the peace and quiet in the bar into après ski with entertainment.

Come and enjoy the fun and games in our nice playroom in Hyttan, right beside the restaurant. The elk Filurius, the children's friend here in Säfsen, often pays a visit. Filurius and his friends play with all the children in Säfsen – big and small.

A few evenings a week, we have fun activities. Filurius enjoys painting, playing games, watching films, and making new friends!

FILURIUS'S RECOMMENDATIONS

- Always use a helmet on the sledge slope and the ski slope!
- Make sure you eat a good breakfast, so you can play and have fun for longer!
- Look out on the slope and always listen to the adults!
- Two pairs of socks in your boots will keep you warm and dry, and prevent blisters!

See you! Greetings // Filurius
